

**Anycoin Direct GmbH is looking for a:
Risk Manager (fulltime)**

Since 2013 we make sure that buying and selling cryptocurrency can be safe, easy and fast. Our customers are both business and private customers and are located throughout Europe. With a user-friendly interface, informative content and a live chat that is open every day of the week, we strive to help our customers as well as possible. And thanks to a growing customer base, we are expanding and looking for an experienced Risk Manager for our new location in Kranenburg.

As Risk Manager, you support the board of directors with all kinds of risk analyses, drafting mitigating measures and policy updates. It is an independent role in which you supervise the risk situation and improve the risk management processes. In this position you work directly for the Chief Financial Officer and you regularly work together with the Risk & Compliance Manager in the Netherlands. To keep the lines of communication short and easy, you will occasionally travel to our headquarters in Veghel in the Netherlands.

Tasks:

- Support the management board in all risk policy issues, in particular in the field of improving the risk strategy and evolving a risk limitation system.
- Carry out regular risk inventory and draw up the overall risk profile.
- Improve the risk management and risk control processes.
- Develop and perform stress tests on risk scenarios.
- Ensure regulatory and legal compliant outsourcing process and review risk assessments.
- Further development of the business contingency plan (business continuity and recovery plans), evaluate potential damage and test the effectiveness in cooperation with the Information Security Officer.
- Improve a system of risk ratios and a procedure for the early detection of risks.
- Monitor the institution's risk situation and internal capital adequacy as well as compliance with the risk limits in place on an ongoing basis.
- Draw up the regular risk and outsourcing reports for the management board.

For this position we are looking for someone with experience and a strategic vision and have devised the following requirements.

We ask:

- 5-7 years of experience working in risk management in financial services firms that are regulated by BaFin.
- Comprehensive knowledge of financial services regulations and risk management frameworks based on MaRisk and Supervisory Requirements for IT in Financial Institutions (BAIT).
- Ability to thrive in a fast-paced environment.
- Experience and skills in leadership and key stakeholder engagement.
- Exceptional interpersonal skills and the innate ability to work unsupervised in a structured manner.

We offer:

- A challenging job at an innovative company within the European Fintech industry.
- Plenty of room to develop yourself and place your mark within this growing company.
- A new adventure as a pioneer in the blockchain and cryptocurrency world Young and informal team at a company with a nice atmosphere.
- Salary and facilities tailored to your qualities.

Is this the job for you?

Send your CV and a short but powerful motivation to Bram Ceelen (Chief Financial Officer). E-mail address: B.Ceelen@anycoindirect.eu.
